

Chicago Tour

Chicago Arts Experience

October 18 and 19, 2008

■ ***TURN OF THE CENTURY at the Goodman***

Nine-time Tony Award winner and National Medal of the Arts recipient Tommy Tune directs the world premiere of the musical *Turn of the Century*, a romantic comedy and trip through time and the American songbook from the writers of the Tony Award-winning *Jersey Boys*-Marshall Brickman and Rick Elice.

■ ***THE BROTHERS KARAMAZOV at Looking Glass Theatre***

This World Premiere adaptation sweeps back to 19th century Russia— to snowy Troika rides and balalaika gypsy music, to drunken duels and carousing with cognac. Artistic Director of New York Heidi Stillman, award-winning adaptor and director of Charles Dickens' *Hard Times*, brings new life to Dostoevsky's epic masterpiece of murder, greed and treachery.

■ ***CAROLINE, OR CHANGE at Court Theatre***

This deeply personal story from Pulitzer Prize-winning Tony Kushner (*Angels in America*) is drawn from the playwright's own childhood. The vast social change taking place in 1960s America is the perfect backdrop for a powerful story that the *New York Times* proclaimed "an extraordinary new musical."

■ ***Tour of The Art Institute of Chicago***

The collection encompasses more than 5,000 years of human expression from cultures around the world. The Thorne Rooms and collection of Impressionists are reasons enough to include this on the tour.

■ ***Accommodations -Chicago Youth Hostel***

Located in the center of downtown Chicago and in the heart of Chicago's thriving education district. HI-Chicago is very close to Lake Michigan and within walking distance of Millennium Park, Buckingham Fountain, the Art Institute, Field Museum and Shedd Aquarium. The neighborhood and accommodations invite interaction with many young people from around the world. My students and I have stayed in many hostels around the world...after checking out the Hostelling International Chicago one, I feel confident in using this space for affordable, safe accommodations.
